

English

This term we will be writing action stories about superheroes based on the story 'Supertato'.

We will be focussing on extending sentences using conjunctions and using different types of punctuation.

Science

In Science our focus is on 'humans'. We will be naming and locating parts of the human body, including those related to the senses and describing the importance of exercise, a balanced diet and hygiene for humans. We will also explore the basic needs of animals for survival.

Maths

This half term we are learning about multiplication, division and fractions. The children will learn how to represent multiplication and division in different ways and calculate facts for the 2, 5 and ten times tables.

In our fraction unit we will learn how to find a quarter, half, 2 quarters, 3 quarters and thirds of numbers and shape.

P.E.

This half term we will focus on team games. We will be developing our control and ball skills as well as learning to work together.

Superheros

Spring Term 2

2019

Year 2

PSHE/RE

Celebrations – we will look at celebrations from different cultures and explore why these are important.

Living a healthy Lifestyle – we will learn about health and hygiene and how we can lead a healthy lifestyle.

Art and DT

This half term we will be designing superhero cities with a sliding or moving part.

Topic

Our topic focus this half term is using geographical skills. We will be exploring aerial photographs of our local area and identifying human and physical features. We will also conduct some field work to study the geography of our school including identifying key human and physical features.
